Barking Park Crimes

There have been a total of 63 crimes recorded within Barking Park since 04/06/2022 until December 2022 (7 month period).

These are the crimes which have either been reported to Police or spotted by Police.

The search for these crimes have not gone beyond 7 months as it is believed this already gives a clear indication of the types and levels of crimes taking place in this park area.

The 7 months period covers until the typical time of year which this festival would likely take place (June, July, August or September).

October, November and December 2022 are the most recent months of activity.

Below is a breakdown of the crimes, firstly by each month and then followed by the individual crimes themselves.

Some of the investigations are ongoing and therefore a simple breakdown has been conducted in order to not reveal sensitive information or data.

June – 16 crimes:

Cannabis offences x 14

Robbery x 1

Common Assault x 1

July – 16 crimes:

Cannabis offences x 11

Robbery x 3

Common Assault x 1

Theft x 1

August 6 crimes:

Cannabis offences x 3

Robbery x 2

Common Assault x 1

September – 5 crimes:

Cannabis offences x 3

Robbery x 2

October – 1 crime:

Cannabis offence x 1

Not clear as to why so little crime recorded in this month, it could be due to other Policing operations in place at this time. This isn't to state that no crime has been taking place, just not recorded.

November – 13 crimes:

Cannabis offences x 9
Robbery x 2
Possession class A & Assault PC x 1
Common Assault x 1

December – 6 crimes:

Cannabis offences x 5
Theft x 1

There has also been intelligence reports in relation to drug dealing taking place inside Barking Park.

This would explain as to why so many people are found in possession of drugs inside the park area. It is suspected that criminals are aware of the lack of CCTV within the park area, allowing them to conduct their illegal supplies.

Below is a list of the recorded crimes and Intel reports, in date order, starting with most recent.
