

### General Fund Savings Targets: progress at Period 10

Reference	Detail	Current Position	Target	Forecast	Variance
			£'000	£'000	£'000
<b>ENFORCEMENT</b>					
ES004	Removal or self funding for School Crossing Patrols from 23 primary school locations across the borough	This saving has been delayed while alternative funding options such as sponsorship have been explored. However it has not been possible to establish a sustainable funding source for this non statutory service. Therefore the service will be withdrawn over the final months of the year. Effectively the saving therefore will not be realised in this financial year but will be achieved in full in 2017/18.	82	6	76
ES006	To increase zones and the sale of permits in line with the Parking Strategy	This work now forms part of a wider Parking Improvement Board. Work is being undertaken with the Ambition 2020 team for setting of fees and charges	125	125	0
ES010B	Prestart payment to drivers	Saving will be fully delivered by yr2	17	17	0
ES020	Increases in income expected from future regulatory activity.	These savings will build on those to be delivered in yr1. It is too early to assess whether income improvements will be made. A programme of service transformation is being developed and will require service restructure and some adoption of policy and powers.	125	125	0
ES030	Parking review opportunity	Initial business cases are being developed to support debt recovery and cashless/paperless parking. However a number of operational issues have been encountered that have delayed achievement of the saving including some problems with implementation of new IT systems. A review of the service is underway and a reactive team is being developed.	450	0	450

<b>CLEAN AND GREEN</b>					
ES012	Cease green garden waste collection	Savings was based upon fully chargeable service in place from September 2015, but as a result of delays in implementing this, it was assumed that charging would take effect from April 2016. However, service provision is expected to continue (not as a chargeable service) until September when the service will be fully withdrawn. A consultation has been carried out about the future of the service.	110	0	110
ES015	Redesign of street cleansing operations	Service redesign is already delivered. Savings are available for yr1 and on track for yr2.	40	40	0
ES018	Achieve revenue budget savings by transferring the Councils current repair and maintenance responsibilities for allotments to the Allotment Society	Surveys are ongoing and arrangements to cancel existing licences are being made for April. The main risk is that societies will not accept leases and transferred responsibilities because remedial works in 2015/6 are not undertaken due to budget restriction and disagreement with societies.	17	17	0
ACS/SAV/11	Review of passenger transport for adults	The Maples Day centre has now closed thereby reducing the Adults passenger transport requirement. PTS are reviewing their costs in order to achieve this saving but it is unlikely to be met in year. However alternative savings will be found. Options for future years including partnership with another LA are being explored	400	400	0
