

# Cancer transformation plan

Barking and Dagenham,  
Havering and Redbridge

**By 2020/21 we will deliver:**

the 28 day cancer diagnosis standard, embed stratified pathways for prostate, breast and bowel cancer and national optimal pathways, and deliver a step-change in patients' and clinical professionals' understanding of cancer, with it being thought of as a Long Term Condition.

**2019/20 objectives:**

- Increase uptake of cervical and bowel screening and implement the roll out of FIT testing for diagnosing colorectal cancer
- Continue to deliver sustained Cancer Waiting Time targets and implement the new 28 day Faster Diagnosis Standard (FDS).
- Awareness raising of symptoms with the public and all healthcare professionals
- Deliver personalised care for all cancer patients, resulting in improved patient experience
