

PAUL ROONEY – Operations Director

I have worked for the company since it's inception in 1995, evolving as the activities the company engages in have altered.

Since 2004 I have primarily been concerned with the Operations of large-scale events, initially with indoor multi-arena shows at venues such as the Royal Bath & West Showground, the NEC in Birmingham and Alexandra Palace in London.

Since 2012 most of our activities have focussed on large outdoor events, mostly in unlicensed urban & suburban spaces which require a high degree of liaison with the local authority as well as the relevant statutory authorities such as Highways, Police, NHS and so on. The majority of these shows are repeated year after year and I am confident that I would be able to approach any local authority I have worked with in the past and manage a new show in their area.

Below is a concise list of some of the bigger repeat events I have worked on:
