I don't have evidence, but noise nuisance team have took plenty of videos in the past

Please someone help I don't know who else to ask now. I dread nighttime because I know they will start drinking and get louder all night.

Old working man's club now a church but the upstairs venue is unlicensed

Please tell us what happened during the latest unlicensed event This has happened multiple times and goes on till early hours of morning They have been fined multiple times and taken to court by the noise nuisance team but they never stop.

Last week I put a report in. People drinking on rooftop very noisy. Noise nuisance came out and made them leave. The Night before I didn't report and they was shouting on roof till 3am. During first lockdown unlicensed rave shut down by noise nuisance team and police. Constant parties, rooftop bbqs.

It constantly affects mine and my boys life, always woken up by the noise normally music or shouting till early hours morning. My flat is right opposite the rooftop it used to be a lovely area but since the church opened they are allowing events upstairs that are nothing to do with church activities. I look to move everyday but it's hard with private renting.

### **CAD 6152 – 06/03/2022**

**20:01 hours**

This is the third Sunday in a row now around 8 men parked in the car park 2 cars. Extremely loud revving engines, last week they was doing donuts around the car park which caused a terrible burnt rubber smell in my flat where I have a 4 year old trying to sleep. Weed smell is coming from that area. Can someone please move them on, they do not live round here and it's a private car park to do with the church building. The noise from them is keeping my child awake and we have a lot of children in the area. Please send someone to tell them to move on.

Live DJ, loud music people are screaming down alley of building, shouting on rooftop. I have complained multiple times about this building and nothing has been done. I have now gone to the MP for help as this is a living hell. This building is being used for multiple parties live DJ's and even has events on Eventbrite. Last time this was looked into they have no Licence. Can someone please come out and stop this party me and my 4 year old can't sleep  
Lack of sleep for me and 4 year old. Anxiety through roof Tired for work Hate living here but can't afford to move.

### **CAD 471 – 17/07/2022**

**00:58 hours**

We have had a live DJ on the rooftop with massive speakers since 1pm, there is at least 100 people there. This property has been reported to the MP and they have found out the premises has no Licence for anything. They are having a party, live DJ with alcohol but no Licence for any of this. The noise level is unbelievable I have taken video evidence of this.  
Can see people on the rooftop and hear the DJ music shouting

My anxiety is through the roof. I can't sleep due to the noise. **Current heatwave and I have to close windows me and my 4 year old are sweating.** I can't take living here but can't afford to move.

I have spinal stenosis a back condition which I need to rest to be able to work. I regularly get no sleep due to this building.

Lot of kids in the community, most people scared to complain because it's a large group.
