Appendix 1: Indicators for HWBB - 2013/14 Q2

	Data unavailable due to irrelevance, reporting frequency or the performance indicator being new for the period
..	Data unavailable as not yet due to be released
	Data missing and requires updating
	Provisional end of year figure
DoT	The direction of travel for each indicator is denoted with an arrow, which has been colour coded to show whether performance has improved (green) or worsened (red)
NC	No colour

Lifecourse Stage	Title	2011/12	2012/13				2012/13	2013/14				DoT	RAG Rating	BENCHMARKING		HWBB No.	
			Q1	Q2	Q3	Q4		Q1	Q2	Q3	Q4			England Average	London Average		
Early Years	Percentage of children achieving national standard for school readiness aged 5 years. Large decrease in both local, regional and national figures is due to the method of reporting changing since 2011/12.	61.0%					46.0%						↘	A	52.0%	53.0%	1
Early Years	Rate of infant mortality under the age of 1 year Crude rate of infant death per 1,000 live births. Data is released annually by ONS - next release is due Jan-Feb 2014. Local rates could also be calculated once access is gained to PCMD database from ONS. Public Health is currently in the process of acquiring these data.	3.8*	→	G	4.3	4.1	2
Early Years	Percentage of Uptake of Diphtheria, Tetanus and Pertussis (DTaP) Immunisation at 1 year old Provisional publication date for Q2 data: 20 December 2013.	89.4%	91.2%	91.0%	91.9%	90.9%	92.1%	90.0%	→	A	94.7%	90.4%	3
Early Years	Percentage of Uptake of Measles, Mumps and Rubella (MMR2) Immunisation at 5 years old Provisional publication date for Q2 data: 20 December 2013.	77.9%	85.5%	83.8%	85.6%	85.5%	85.0%	83.8%	→	A	88.4%	80.4%	4
Early Years	Prevalence of Breastfeeding at 6-8 Week Check Next quarterly release will be in March 2014 when 2013/14 Q1, Q2 and Q3 data will all be released together by Department of Health. London figure unavailable for 2012/13 Q4 due to a number of boroughs failing data validation.	53.5%	55.4%	54.2%	54.8%	48.3%		↘	A	46.6%		5
Primary School	Prevalence of children in reception year that are obese or overweight 2012/13 data due to be published December 2013.	26.7%					↘	R	22.6%	23.3%	6
Primary School	Prevalence of children in year 6 that are obese or overweight 2012/13 data due to be published December 2013.	42.2%					↗	R	33.9%	37.2%	7
Primary School	Percentage of primary school children eligible for Free School Meals This is an annual indicator submitted to DfE in the January Census each year – benchmark data is available annually – it is not quarterly.	28.8%					26.4%	↘	NC	18.1%	23.8%	8
Primary School	Of those eligible, the percentage of primary school children who take up Free School Meals This is an annual indicator submitted to DfE in the January Census each year – benchmark data is available annually – it is not quarterly.	76.1%					78.6%	↗	NC	84.7%	89.5%	9
Adolescence	Alcohol specific admissions aged under 18 Under 18s admitted to hospital with alcohol specific conditions: Persons, crude rate per 100,000 population. The estimated date of the refresh of alcohol statistics is March 2014.	28.5#	↘	G	55.8	35.7	10

Lifecourse Stage	Title	2011/12	2012/13								2013/14				BENCHMARKING		HWBB No.	
			2012/13				2013/14				DoT	RAG Rating	England Average	London Average				
			Q1	Q2	Q3	Q4	2012/13	Q1	Q2	Q3					Q4			
Adolescence	Under 18 conception rate (per 1000) and percentage change against 1998 baseline.	46.3	34.2	↓	A	28.3	25.9	11
		-15.2%	-37.4%	-39.3%	-49.3%	
2012/13 Q2 data due to be published by ONS on 26th November - Data relates to calendar year 2012 Q2 - 32 females conceptions aged 15-17, representing a rate of 34.2 and a % decline on the 1998 baseline of -37.4. Lowest teenage conception rate since 1998.																		
Adolescence	Under 18 rate of terminations of pregnancy Rate per 1,000 women aged under 18	23.8	↓	NC	12.8	14.8	12
Adolescence	Annual health check Looked After Children	94.2%	81.5%	78.3%	64.6%	71.2%	71.2%	62.9%	69.2%	↗	A	84.3%	88.1%	13
Percentage of children in care for a year or more with up to date health checks improved to 69.2% in Q2 and has increased further to 81.0% as at the end of October 2013. Performance is much improved and RAG rated amber, having been rated red last quarter. We predict to be over 85% by the end of November and performance will be RAG rated green.																		
Adolescence	Emotional Wellbeing of Looked after children	18.4%					13.5%	↓	G	13.8%	13.5%	14
Please note a lower figure indicates better performance. This is an annual indicator based on an SDQ score of looked after children – it is a questionnaire and is not published quarterly.																		
Adolescence	Number of children and young people accessing Tier 3/4 CAMHS services															15
Data source has been identified. Merrisha Gordon Service Manager Barking & Dagenham CAMHS has passed it to the Performance Informatics Team for approval. Data should be available at the end of November 2013.																		
Early Adulthood	Number of positive Chlamydia screening results		182	140	128	135	585	126	131	→	R			16
Please note that a higher number is considered to be good performance as the goal is to find an increased number of people with an under-reported condition.																		
Early Adulthood	Number of four week smoking quitters		426	295	323	436	1480	390	262	→	A			17
Early Adulthood	Cervical Screening - Coverage of women aged 25 -64 years	75.0%					74.9%							↓	A	78.3%	74.1%	18
Percentage of women who have been adequately tested within the last five years - 2013/14 due to be released October 2014																		
Maternity	Percentage of Women seen by a maternity professional by 12 weeks and 6 days of pregnancy	76.8%	77.5%	92.3%	↗	NC			19
Maternity	Percentage of women who are smoking at time of delivery	12.8%	13.7%	12.1%	16.4%	15.0%	14.2%	→	R	12.8%	5.8%	20
HSCIC: Statistics on Women's Smoking Status at Time of Delivery - Q1 2013-14 will not be published, due to operational reasons the data for this report will be included in the Quarter 2 report on the 27 November.

Lifecourse Stage	Title	2011/12	2012/13				2012/13	2013/14				DoT	RAG Rating	BENCHMARKING		HWBB No.
			Q1	Q2	Q3	Q4		Q1	Q2	Q3	Q4			England Average	London Average	
Established Adults	Percentage of eligible population that received a health check in last five years Please note that annual figures are a cumulative figure accounting for all four previous quarters.	12.4%	2.1%	2.0%	2.9%	3.0%	10.0%	1.9%	3.5%	↗	G	1.9%	2.1%	21
Established Adults	Breast Screening - Coverage of women aged 53-70 years Percentage of women whose last test was less than three years ago - 2012/13 due to be released February 2014.	68.6%					..					↘	A	77.0%	69.3%	22
Older Adults	The percentage of people receiving care and support in the home via a direct payment	39.1%	40.1%	42.2%	47.3%	54.0%	42.1%	59.2%	66.6%	↗	G	N/A	N/A	23
Older Adults	Older people in residential/nursing care admissions/discharges	132/125	32/41	40/49	50/46	36/44	158/180	30/28	42/32	→	G	N/A	N/A	24
Older Adults	Rate of emergency admissions for COPD per 100,000 population Directly Standardised Rate - due to a lack of access to Hospital Episode Statistics it is not possible to obtain a more up-to-date figure. Nationally released data is due January 2014. Applications to access HES data are in progress.	238.5*	N/A	NC			25
Older Adults	Percentage of people who die at home Due to the Public Health Mortality file no longer being provided by ONS since the move from the NHS to the LA we are not currently able to calculate this. The data sharing agreements have been approved. The dispatch of the data is now being awaited, upon which the figure will be able to be calculated again. Until then the only figures available are nationally released figures that are not broken down to LA level.											21.0%	21.8%	26
Vulnerable	Number of cases discussed at MARAC meetings per quarter	315	101	94	106	81	382	80	194	↗	G	N/A	N/A	27
Vulnerable	Percentage households in temporary accommodation	1.6%	1.6%	1.7%	1.7%	1.7%	1.7%	1.8%	→	NC	0.2%		28
All Ages	Alcohol related recorded crimes Persons, all ages, crude rate per 1000 population.	13.0	↘	R	11.1	7.0	30
All Ages	KT31 contraceptive services - statutory return - LARCs As a percentage of total first contacts for contraception reasons only. Figure is for Barking, Havering and Redbridge University Hospitals NHS Trust.	35.0%					41.0%					↗	G	27.0%	28.0%	31
