

# HEALTH AND WELLBEING BOARD

10 FEBRUARY 2014

<b>Title:</b>	<b>Systems Resilience Group Update</b>		
<b>Report of the Systems Resilience Group</b>			
<b>Open Report</b>	<b>For Information</b>		
<b>Wards Affected: ALL</b>	<b>Key Decision: NO</b>		
<b>Report Author:</b> Louise Hider, Health and Social Care Integration Manager, LBBD	<b>Contact Details:</b> Tel: 020 8227 2861 E-mail: louise.hider@lbbd.gov.uk		
<b>Sponsor:</b> Conor Burke, Accountable Officer, Barking and Dagenham Clinical Commissioning Group			
<b>Summary:</b> <p>This purpose of this report is to update the Health and Wellbeing Board on the work of the Systems Resilience Group. This report provides updates on the Systems Resilience Group meetings held on the 19 December 2014 (Appendix 1).</p> <p>Operational Resilience planning and delivery, primarily through the Joint Assessment and Discharge Service and community services have been key in supporting system capacity over the key winter months where pressure upon the hospital, presentation and admission rates are at their peak. Monies drawn down from NHS England via the CCG have supported additional activity which has included increased provision of Crisis Response, interim bed based placements and take home and settle services provided with a voluntary sector partner, alongside increasing 7 day working enhancing capacity at points of key pressure and at the front end of the hospital. Social care have seen a doubling of activity in key areas such as those of crisis response which rose from 280 packages in August to 580 in December, such increased activity would ordinarily have been unsustainable without additional funding being in place.</p>			
<b>Recommendation(s)</b> The Health and Wellbeing Board is recommended to:			
<ul style="list-style-type: none"><li>• Consider the updates and their impact on Barking and Dagenham and provide comments or feedback to Conor Burke, Accountable Officer to be passed on to the Systems Resilience Group.</li></ul>			
<b>Reason(s):</b> There was an identified need to bring together senior leaders in health and social care to drive improvement in urgent care at a pace across the system.
