BARKING & DAGENHAM YOUTH ZONE

PROPOSAL FOR SUPPORT
In Autumn 2014, representatives from OnSide met the Leader of Barking & Dagenham Council, Cllr Darren Rodwell, to discuss the potential for creating a Youth Zone in the Borough. Following consultation with key figures, we are delighted to submit, as requested, our formal proposal for developing the facility.

Barking & Dagenham Youth Zone will inspire a generation, transforming lives for the better. It will be a fantastic facility of which the entire community can feel proud and a part. It will send a clear message that the young people of Barking & Dagenham are cared for, recognised, supported and valued.

Over 1,500 young people will visit the centre each week. It will attract hundreds of local volunteers, and will unlock millions of pounds from the private sector for investment in local young people.

In order to make Barking & Dagenham Youth Zone a reality, we ask that the Council contributes:

- £3million to capital cost, representing 50%
- A suitable site on a long-term lease at peppercorn rent
- A commitment to ongoing strategic support on the Youth Zone Board of Trustees.

In turn, OnSide will:

- Commit the remaining balance of £3m to the capital construction cost
- Source all funding required to operate the Youth Zone for its first 3 years
- Undertake all responsibility both for construction of the building and creation of the new operating charity
- Engage local young people to help shape their Youth Zone
- Work alongside other local voluntary sector groups in support of young people
- Recruit and train a minimum of 100 volunteers
- Deliver a comprehensive marketing and communications plan
- Recruit and support a local Board of Trustees responsible for strategic vision and long-term sustainability of the charity.
WHAT IS A YOUTH ZONE?

Youth Zones are created to offer children and young people ‘somewhere to go, something to do and someone to talk to’. They are bright, vibrant, iconic buildings that offer a safe, encouraging and positive environment in which young people can spend their leisure time.

The Youth Zone model is inspired by the success of Bolton Lads & Girls Club. For many years, the Bolton club operated from a substandard building but following significant support from the National Lottery, local council and local businesses, it moved to a brand new, purpose-built centre in 2002.

Its success became a beacon. Soon, other nearby towns wanted to have a similar facility for their young people and so OnSide was developed to meet that need and the Youth Zone network was born.

Youth Zones are packed with a wide range of activities, catering for all sporting, creative, artistic and social interests. They are youth-led, responding to the needs of our members and driven by our commitment to help all children and young people – with special emphasis on those from the most disadvantaged backgrounds - to increase their confidence and raise their aspirations.

THE OPERATING MODEL

Youth Zones are open 7-days a week when schools are closed. Each young person pays a nominal annual membership fee (typically £5) then it’s just 50p per visit after that. Any young person aged 8-19 can become a member.

Our core sessions are split across two different age groups 8-12 (Juniors) and 12-19 (Seniors) years old. In Senior sessions, we also include those aged up to 25 who have a disability or learning difficulty.

Sessions involve a minimum of 20 different activities each night. Our buildings are designed with both visual and acoustic connectivity in mind and typically include spaces such as:

- A 4-court indoor sports hall with climbing wall;
- A fully equipped fitness gym;
- Dance studio;
- Music suites, packed with instruments and recording equipment;
- At least one outdoor MUGA kick-pitch;
- A specialist arts and crafts area;
- Break-out rooms to include activities such as employability workshops, girls’ work, health projects and youth participation;
- A large, open plan recreation area;
- A café, serving hot nutritious meals for no more than £1;
- A boxing gym.

BUILDING RELATIONSHIPS

The quality of the facility and the wide range of activities are central to a Youth Zone’s commitment to delivering best-in-class youth work. Youth Zones offer young people the opportunity to try out activities in which they would otherwise never have been able to engage. Throughout their Youth Zone journey, our members meet new people, make new friends and learn new skills. All of this goes towards building the confidence they need to develop into happy, mature, healthy and successful young adults.
One of OnSide’s key ambitions is to expand the Youth Zone network into London and it is our hope that the first project in the capital will be for young people in Barking & Dagenham. Youth Zones find success when placed at the heart of a thriving community and so there is no better place in the city in which to start.

OnSide’s passion and commitment mirrors the Council’s aspiration to make ‘every young person feel special.’ In 2015, the Borough hosts its 50th anniversary celebrations. The establishment of a Youth Zone will be a key milestone in its continuing history.

A SUITABLE SITE

Based on the successful operation of Bolton Lads & Girls Club and OnSide’s established Youth Zone projects (and mindful of the unsuccessful operation of badly sited facilities elsewhere), we strongly recommend three major criteria in terms of location:

1) NEUTRALITY  
2) ACCESSIBILITY  
3) PROMINENCE

The objective should be an available, safe, affordable site which meets these criteria and which will, with the right building, facilities and staff, support the participation of the largest possible number of young people.

PARSLOES PARK

From an early stage, and following the Leader’s suggestion, we have focused on the possibility of development around the Parsloes Park area and we remain confident that this site (to the south side of the park, alongside Ivyhouse Lane) is the best location within the Borough.

It is in a central location but is not seen as being within either Barking or Dagenham town centres. It is in close proximity to thousands of homes, and for those who are not within walking distance, Becontree (5mins) and Dagenham (10mins) tube stations are nearby. The site is also within easy reach of several busy bus routes.

The Council has an ambition to transform Parsloes Park into a destination for all local families. This fits perfectly with our Youth Zone proposal. The potential Youth Zone boundary sits alongside that which is outlined in the masterplan for the park and while the Youth Zone development will remain independent and not reliant on the completion of the rest of the park’s transformation, together these projects offer an excellent opportunity for activities that complement each other and add tremendous social value to the entire community.
THE SITE: PARSLLOES PARK

VIEWPOINTS
OnSide is a registered charity, established in 2008. Its mission is to build state-of-the-art youth centres, modelled on the success of the nationally-recognised Bolton Lads & Girls Club. We call them Youth Zones.

Youth Zones are created as independent charities. To date OnSide has funded, built and established five Youth Zones (Carlisle, Manchester, Oldham, Blackburn and Wigan), with several more in the pipeline (including Wolverhampton, Wirral, Preston, Newcastle & Sunderland) all scheduled to be open by 2017. Our long-term vision is to have 20 Youth Zones by 2020.

Since 2008, OnSide has created jobs for over 300 people, alongside volunteering opportunities for 600 more. We have raised in excess of £30m of capital funding and over £10m of revenue funding so far and with new funding in place we are currently working to expand the network across the UK.

To date, over 20,000 young people are now engaged in positive, healthy activities through the OnSide Youth Zone network.
OnSide has developed the skills and expertise to create a sustainable and highly professional Youth Zone operation. With this background, our charity is perfectly placed to undertake all key aspects of delivery.

**STEP 1 - RECRUITING A CHAMPION AND BOARD OF TRUSTEES**

All OnSide Youth Zones are independent charities, driven by a Board of local Trustees. Typically, the majority of Board members are from the local business community but representatives of the Council and the local voluntary sector will also be members.

The first step in the process will be to appoint a Chair of the Board who in turn will use his or her contacts to recruit fellow Trustees. There are a number of portfolios to fill, including responsibility for legal matters, finance, HR, safeguarding and at least one Board member will oversee fundraising. This is a working Board that takes on full responsibility for the future sustainability and growth of the Youth Zone, with important strategic steering provided by the Council.

**Charles Mindenhall has offered his support as the first Chairman of Barking & Dagenham Youth Zone.**

Since 1998, Charles and his business partner Manoj Badale have co-founded more than 20 businesses which are managed through their investment company Blenheim Chalcot. Charles has a vast amount of experience across a range of sectors including technology, media, financial services, sport and government.

After having visited some of the North West Youth Zones, Charles agreed to lead the OnSide charge to develop similar facilities in London. Charles’s flagship company, Agilisys, employs many local people, and through his network both in the local area and in London as a whole, the Youth Zone will see great benefit and will get off to the best possible start.

Members of the OnSide team will also sit on the Board in an advisory capacity to offer support, especially in the build-up to opening and in the first few months of operation. Following this, OnSide will continue to play an important role by offering training, networking with other Youth Zone Boards and through any other support that the Chair or other Trustees feel is of value.
STEP 2 - A VOICE FOR YOUNG PEOPLE

Young people choose to come to the Youth Zone. It’s their place. And so in order for it to succeed and flourish it must be owned by them and represent what they want.

We are committed to involving young people in as much of the development of a new Youth Zone as possible. To achieve this, one of the first tasks is to establish a local young people’s development group (YPDG).

The YPDG will consist of a wide range of young people recruited from schools, colleges, community groups and other youth providers. Over time, and with the support of the OnSide Young People’s Participation Manager, the group will be able to help the project become the best it can be for all young people in Barking & Dagenham. Meeting regularly, there will be input into and, in some cases, full control over aspects such as:

- The name of the Youth Zone;
- The recruitment of key staff;
- Developing the Youth Zone’s brand;
- Helping to understand young people’s transport needs to and from the Youth Zone;
- Involving young people in fundraising events;
- Supporting the project management team with input into room layout and furnishings;
- Ensuring that the activities they wish to see (where possible!) take place in the Youth Zone;
- Making sure that the Youth Zone communicates effectively with local young people in the run-up to its launch.

Once the Youth Zone is open, the role of the young people’s development group takes on a new dynamic, ensuring that the day-to-day offer accurately reflects what young people want and stays ahead of ever-changing trends. Representatives from the Youth Board are also periodically invited to Trustee meetings, ensuring that they have a continued voice that is heard, listened to and acted upon.

STEP 3 – A YOUTH ZONE RIGHT AT THE HEART OF THE COMMUNITY

Existing provision for young people in Barking & Dagenham is provided in part by the Local Authority, but primarily by the voluntary sector. There are also specific-interest groups around issues such as disability, faith and ethnicity.

In our experience, the news of a new place for young people is not always met with universal approval by other providers! Change is sometimes hard to accept and a new centre creates uncertainty about the impact of that new service on their organisation.

In order to best engage, OnSide will meet with all interest groups to help them understand the opportunities for the young people they represent.

The key messages that we will communicate are:

- The Youth Zone is an additional investment that is modern, relevant and innovative, attracting young people, often in unprecedented numbers;
- Funding of the Youth Zone brings in new money from the private sector that otherwise would not be available;
The Youth Zone’s aim is to work in partnership with all existing provision to enhance what young people can have - to make the sum greater than the individual parts;

The Youth Zone can be a place where other organisations engage with groups of young people previously unknown to them and by doing so increase their reach;

The building, modern and fit for purpose, can be used for other organisations to deliver their services.

Of course, should any uncertainty remain, the strongest message can come from young people themselves. Once they have visited an existing fully-operational Youth Zone with all that it has to offer, they become enthusiastic advocates for the need for a similar facility in their community.

**STEP 4 – GETTING VOLUNTEERS ONSide**

Volunteers are a crucial part of a Youth Zone’s DNA. They embody the strong community spirit needed for success. Put simply, without volunteers, Youth Zones could not exist.

Many people make the mistake of thinking that volunteers are most useful because they are a free resource. That is not the strength of volunteering. Because Youth Zone volunteers are vital and committed members of the Youth Zone family, Barking & Dagenham Youth Zone will invest significantly in their proper recruitment, training and management.

As well as giving their time and energy, volunteers contribute to a Youth Zone in other specific ways. They provide:

- **Extra feet on the ground.** Youth work is about building relationships. Volunteers operating alongside paid staff during a Youth Zone session makes this important element of our work much easier. We encourage them to spend their time engaged in activity and positive discussion with our members, not bogged down in paperwork or tidying up sports kit.

- **Additional skills.** Many volunteers are attracted to Youth Zones because there is the opportunity to share a passion and skill for a particular piece of work. Whether coaching the basketball team in the sports hall or running a weekly flower-arranging session in the arts area, all ideas and innovation are welcome – and the people of Barking & Dagenham have interests and passion in abundance.

- **Intergenerational impact:** Having a large team of adult volunteers of different ages helps bridge the gap between young people and the older generations. After having worked with young people through the Youth Zone, volunteers become their strong advocates, helping to change negative perceptions and stereotypes.

- **Local buy-in.** Our volunteers reflect the Youth Zone back to their community, sharing positive experiences about their involvement. Many of them are recruited via the companies that support us, thus helping to develop strong, long-lasting partnerships between the Youth Zone and some of its key funders.

- **Opportunities for young people.** All volunteers within the senior sessions must be over 18 and subject to the usual DBS checks, but we also encourage some of our best senior members to give up their time to act as Young Leaders. These Young Leaders are our most junior volunteers and take on a range of roles including hosting tours for VIPs, speaking to large audiences about their Youth Zone, and working as trainee youth workers on some of our Junior sessions.

Up-front investment in volunteers is the key to success. From an early stage (typically 6 months before opening), we employ a full-time Volunteer Manager responsible for recruiting and training 100+ volunteers in time for the Youth Zone’s opening day.

Just as our volunteers give something to us, we give something back to them. Each is assigned their own supportive line manager and given the option of having a personal development plan. The Youth Zone is committed to supporting their careers and self-development.
**STEP 5 – BUILDING THE BEST TEAM IN LONDON SINCE 1966!**

When fully operational, Barking & Dagenham Youth Zone will employ over 150 people in a mixture of full-time, part-time and voluntary roles – each one a brand new position. The Youth Zone will also benefit from the close support of a number of OnSide staff in roles such as communication, fundraising and our core business, youth work.

While the building and the facilities will act as a hook for local young people, it will be the team of staff and volunteers within it that makes the real difference. Therefore, a great deal of care and attention is put into recruitment at all levels, ensuring that the members of Barking & Dagenham Youth Zone are offered the best possible Youth Zone experience, every single time.

Barking & Dagenham Youth Zone will appoint the following key members of staff:

**General Manager**

The General Manager will be the local figurehead for the charity, with overall responsibility for all aspects of the Youth Zone. Typically recruited 12 months before opening, initially he or she will take ownership of the charity’s fundraising strategy, working with OnSide’s Development Manager in London to build and secure long-term partnerships with local private sector supporters.

Once the funding is established, the General Manager’s focus will move towards ensuring that the rest of the Youth Zone team is recruited and trained, that the volunteers are in place and that the programme of activity for the first two months is planned and ready for delivery.

After the opening, the General Manager will report to the Chair of the Board. This relationship will provide support as well as challenges, enabling the team of two to deliver ongoing success for the Youth Zone. OnSide will continue to remain involved, both as a member of the Board and as a support network for the General Manager and Youth Zone team.

**Volunteer & Training Manager**

One of the most immediate full-time appointments is that of the person responsible for recruiting, training and developing this important group.

As well as having responsibility for finding 100+ local people who are interested in giving their time at the Youth Zone, the role will be to deliver a detailed training matrix for all staff and volunteers, ensuring that the Youth Zone goes above and beyond all safeguarding requirements and provides opportunities for all members of the team to develop and progress.

**Youth Work Manager**

In order to keep young people eager to come back, it is important to generate an ever-changing buzz and inspiring atmosphere. The Youth Work Manager has responsibility for making this happen.

Managing a team of 50+ sessional staff, the key to this role is finding a balance between ensuring that the Youth Zone is well attended on each session, but not to the detriment of the relationship-building that is key to successful youth work. The Youth Work Manager will also have responsibility for all safeguarding within the organisation and will be the main point of contact between the Youth Zone and local schools and wider local youth services.
Development Manager

The support of the private sector both in financial terms and in driving innovation and growth are what keep a Youth Zone’s engine running. The Development Manager has the responsibility for building a large network of corporate supporters, ranging from small, independent traders to some of the area’s largest employers.

Initially, the Development Manager will be responsible for bringing in over £500,000 in support of the Youth Zone and over time he or she will be responsible for ensuring steady and consistent growth for the charity as it embeds itself as a key player in the local community.

STEP 6 – THE HEART OF A CHARITY, THE BRAIN OF A BUSINESS

Barking & Dagenham Youth Zone will be owned and operated by a new, independent charity which will be driven by key representatives of the local private sector with the Council providing strategic support.

It is important to get started quickly on incorporation and registration and OnSide will provide a complete support service throughout the process.

Legal & Administrative framework

It is important to agree the basic terms of the legal relationships as early as possible so that all parties both understand what is expected of them and how their investment in the project will be protected. The finer detail of drafting the necessary documents will inevitably take time but typical structures and essential terms are summarised below:

Lease of the Site

A lease of the Youth Zone development site needs to be granted to the new operating charity. Basic provisions would include:

- A term of 125 years;
- No premium and a peppercorn rent;
- No break clauses;
- Suitably limited user clauses (linked to forfeiture provisions) to ensure there is no material deviation from the original intended charitable use.

Operational Agreement

This agreement will regulate the early years of the project partnership. The principle parties will be the new Youth Zone operating charity, the Council and OnSide Youth Zones. It will cover summaries of:

- The Council's support of the project both in general terms and any agreed financial contributions;
- OnSide's contribution to development of the project and ongoing support;
- The new Youth Zone charity's obligations in relation to the development and future operation of the Youth Zone, including its responsibility in terms of long-term sustainability;
- Branding and publicity methods;
- Normal Freedom of Information, prevention of corruption, confidentiality and dispute resolution provisions;
- Appropriate indemnities and provisions for termination on insolvency or material and persistent default.
**Step 7 – Bricks and Mortar**

OnSide leads on all aspects of construction project management. Following site assessment, our team will provide a design brief and undertake the procurement process for the services and building contracts required.

We manage the building project right through to practical completion and snagging, including procurement and fit-out with appropriate equipment and furnishings. This also includes implementation of all IT hardware and software, including the Youth Zone’s membership database system and monitoring and evaluation platforms.

As part of the entire building process, OnSide provides monthly construction status reports to the Council and Youth Zone board of trustees.

**Capital Cost Summary**

The following table shows the breakdown in estimated construction cost for the Youth Zone:

ONSIDE FOUNDATION

Following the success of the first 5 Youth Zones, OnSide established its own capital fundraising campaign to help spread the Youth Zone network across the rest of the UK – we call this campaign the OnSide Foundation.

Over the past 2 years, OnSide’s Foundation team have been busy building strong relationships with significant UK philanthropists, and thanks to the success and proven sustainability of the existing Youth Zones, we have already secured half the capital funding required to build Barking & Dagenham Youth Zone - £3m.

We are proud to confirm that one of the Barking & Dagenham Youth Zone capital funders is The Queen’s Trust.

Previously known as The Queen’s Silver Jubilee Trust, The Queen’s Trust has been a supporter of the OnSide network for a number of years, and was instrumental in encouraging the charity to expand its reach into London.

As a sign of support, the Trustees have pledged their largest contribution to date to the OnSide network, earmarked specifically for the first Youth Zone in London. Their gift of £1.5million towards capital, and £600,000 towards ongoing running costs has already proved a catalyst to unlocking further philanthropic support for the project.

There can be no better demonstration of support for young people than by having a Royal seal of approval, and we are delighted that HM the Queen is supporting Barking & Dagenham in this way.

HM The Queen visited The Factory Youth Zone (Manchester) in Nov 2013
**STEP 8 – A GREAT LOCAL STORY**

OnSide’s dedicated in-house communication team will be on hand to help create and deliver a detailed and impactful information strategy for the Youth Zone. This will cover all Youth Zone stakeholders, including young people, volunteers, local businesses, voluntary organisations, pan-London youth groups and both local and national press. Among the various functions that the team will deliver are:

- Working with the Youth Board to develop Barking & Dagenham Youth Zone’s brand;
- Launching the Youth Zone’s website;
- Building relationships with local newspapers and other media;
- Delivering a vibrant, innovative social media strategy;
- Supporting the local team in the build-up to opening.

Through its existing network in London, OnSide has generated significant interest from key London media partners. In particular, The Evening Standard has agreed to run a campaign to publicise the work and impact of the OnSide network in London, with a direct focus on the first Youth Zone to be built – which will be in the heart of Barking & Dagenham.
**STEP 9 – FUNDRAISING FOR OUR FUTURE GENERATIONS**

OnSide's North-West Youth Zones have a proven track record in being able to unlock significant financial support from the private sector and we are convinced of the potential for even more support of this kind in Barking & Dagenham.

From an early stage (at least 12 months before opening) we engage with major local employers, creating partnerships of mutual benefit. Businesses respond to the way Youth Zones turn aspiration into reality, how they rapidly gain iconic status in a community. They see how their own staff get involved as volunteers, as parents or through fundraising and of course, they see the incredible impact Youth Zones have on local young people.

In London, there is scope for investment both from privately-owned local companies and major national corporations that can support not only Barking & Dagenham Youth Zone but also the entire OnSide London network. We also already have strong indications of interest from London-based high net worth individuals who are seeking to support an innovative, young-people focused charity such as a Youth Zone.

We have also had positive meetings with David Farnsworth, CEO of the City Bridge Trust. They are hugely excited both by the potential pan-London impact of the Youth Zone network and the development of the first Youth Zone in one of their key target areas, Barking & Dagenham.

Outside the private sector, the OnSide network is successful in fundraising through registered social landlords, through fundraising events and community programmes, and we also have a growing base of trusts and foundations that support the network.

The continued success and growth of OnSide’s existing Youth Zones demonstrates that our model is sustainable. Our funding from the Queen’s Trust - £200,000 per year for the first 3 years of operation, will help kick-start the campaign. OnSide will take on the responsibility for ensuring both that the remaining balance is found for that period, and that the Youth Zone will achieve growth thereafter.

**STEP 10 - WORKING ALONGSIDE THE COUNCIL**

Whilst the responsibility for day-to-day management of the Youth Zone falls on the shoulders of the Board and the newly recruited Youth Zone team, it is vital that the Council plays a key strategic role, supporting the Youth Zone’s growth and development.

The Youth Zone General Manager and Head of Youth Work will work closely with the Council’s Director of Children’s Services on a variety of topics such as safeguarding, links with local schools, partnerships with the Council’s Youth Service staff and ensuring that the Youth Zone links in with other Council-led programmes such as YOT, Looked After Children & Troubled Families.
Taking on board the feedback from our initial discussions with the Leader and senior officers from Barking & Dagenham Council, OnSide is committed to adapting our traditional Youth Zone model in order to respond to local need.

Traditionally, Youth Zones are open to young people aged 8-19 or up to 25 for those with a disability. However in Barking & Dagenham we will tailor our offer to meet local need.

Due to the increasing number of children under 10 in the borough, and the number of new resident families who have moved to Barking & Dagenham, we believe that offering additional ‘Family sessions’ will add great value to the Youth Zone offer. Family sessions will take place on Saturday and Sunday mornings and will be open to all young people from age 5 up to secondary school age, provided that they are accompanied by their parents and/or guardians.

Not only will these sessions add an increased offer for local children, they will also support the Youth Zone by allowing local parents and wider family members to become more involved in the project. We expect that the sessions will help us recruit more volunteers and will also help the Youth Zone establish a great reputation within the community from day one.

Of course, the final detail of the Youth Zone programme in Barking & Dagenham will be decided by the local team (including taking into account the feedback from young people). However an indicative programme of opening times for Youth Zone sessions is detailed in the table below:

<table>

</table>
All Youth Zone sessions are designed to be fun, engaging, exciting and different – just what young people want. It’s not easy, but a Youth Zone’s mantra is always to make each session that little bit better than last night’s - thus giving the team the best chance of ensuring that young people keep attending time and time again.

There is an important underlying structure to each session. We call it ‘Try, Train, Team’ and it is through this approach that the Youth Zone ensures that there is a clear developmental aspect to each activity. Through this young people will see improvements in their confidence, self-belief and general wellbeing.

The try phase is just that – trying! Each night, the Youth Zone offers a minimum of 20 different activities ranging from football to Frisbee, fashion to flamenco. Flooding the sessions with a wide variety of activity ensures that young people have ample opportunity to have a go at something that they may not otherwise have come across. We make sure that all the proper, fit-for-purpose kit is provided, and at only 50p per session, there is no barrier whatsoever to taking part.

When young people find something they enjoy and would like to try and get better at, the Youth Zone will offer more advanced, ’train’ sessions in that particular activity. It may be simple sports coaching or a guitar lesson, or could be a 1-2-1 painting class with a volunteer. In short, whatever the activity, our team of staff and volunteers will support all members to improve. Of course, the Youth Zone cannot provide every activity there is, but if not we will use our links within the community to find a partner organisation that can support the member outside the Youth Zone itself.

Finally, when young people reach a good standard of achievement, or simply when they’d like to test themselves, we offer ‘team’ activities aimed at showcasing progress. Teams are not limited to just sports teams – instead, it could be the cast of a pantomime, a newly formed Youth Zone rock band or, for those who have shown an interest in climbing or residential, a Duke of Edinburgh award group.

Recognising a young person’s progress is a crucial part of their development and so all staff and volunteers are trained to praise achievement, whatever that might be. Achievements are formally recognised every year in the Youth Zone’s awards night – a celebration of the year’s activity and a chance for members, parents, staff, volunteers and sponsors to come together and congratulate young people on their success.
Children and young people with disabilities are among some of the most important members of any Youth Zone family. All of our centres are designed with inclusion in mind and we are immensely proud of the history and track record of success in working with this group of young people.

We believe that the secret of this success lies both in detailed consultation with local young people and disability groups, and in providing the best possible training for our staff and volunteers, equipping them with all the skills necessary to provide a fully integrated, vibrant and dynamic programme of activity.

**DESIGN SPECIFICATIONS**

All OnSide Youth Zones are fully accessible and go beyond the statutory minimum requirements for disabled access. For example, Youth Zone toilet and/or changing facilities must allow for full assistance, usually achieved by providing a separate assisted changing facility (in accordance with Changing Places guidance) including a bed, tracking hoist, shower and a toilet.

As part of the design process, we welcome input from local disability groups, to ensure that their opinions and expertise are properly considered. We can’t of course promise everything to everyone, but take all aspects of disability provision into account when deciding the building’s final designs.

**A LEVEL PLAYING FIELD**

OnSide’s ‘A Level Playing Field’ project is the network’s flagship programme supporting young people with disabilities. Delivered in partnership with the Seashell Trust, its goal is to ensure that positive, encouraging sporting activities are provided for young people with disabilities.

Of course, Youth Zones provide the perfect setting to deliver such activities, but central to the project’s success is the network’s commitment to properly training staff and volunteers in various aspects of disability awareness and provision.

Although currently limited to the 6 existing Youth Zones, our ambition is to roll out the project across the ever-growing national network of Youth Zones and given that it will be the first facility of its kind in London, Barking & Dagenham will become not simply a facility where disabled young people are welcome, but a hub for disabled and mixed ability youth provision, attracting young people from across the capital.
Barking & Dagenham Youth Zone will be an iconic, game-changing facility for the local community. It will be the newest, most attractive building in the Borough and whilst its core provision will always be to provide a 7-day-a-week recreational offer for children and young people, it also provides an excellent opportunity to act as a base for other community-focused programmes outside evening opening hours.

Groups or activities that support young people will always be a preference when it comes to daytime usage of the facility. However it is important that as many members of the community as possible can have some access to the building and so the Youth Zone will remain responsive to all requests and suggestions for how it is used when schools are open.

The list below is by no means exhaustive but indicates the range of activities or programmes that the Youth Zone might accommodate:

- Usage by schools to deliver P.E. lessons or other taster sessions;
- Access for young people aged 16+ who are not in education, employment or training to offer them support and guidance in securing a job or placement;
- Supervised, positive activities for young people currently engaged by the local youth offending teams;
- Space for council meetings and/or conferences;
- Opportunity to develop early-years programmes, in particular supporting young, at-risk parents;
- Physical fitness programmes, delivered in conjunction with local public health teams;
- A hub for other voluntary sector groups to access and take advantage of activities and meeting spaces.
Barking & Dagenham Youth Zone will open its doors to provide a core offer of quality, positive, developmental activity for young people, 7 nights a week, 52 weeks a year for just 50p per session.

This fundamental offer will never change. However there will follow several opportunities for an enhanced offer for young people as the organisation grows and funding becomes available. Many existing Youth Zones already deliver some of the below projects as part of their programme for young people, and within a short space of time, Barking & Dagenham can expect to be able to add some of the following (or indeed other projects in response to local need) to its list of available activities.

**ENTERPRISE & EMPLOYABILITY**

For many young people, making the jump from school to the world of work or higher education is becoming more and more of a challenge. Despite having the qualifications, often young people lack the confidence, resilience and social skills needed to make their first step onto the career ladder a successful one; and so our Youth Zone employability programmes are targeted at helping young people improve those soft skills which will help them land a fantastic job, apprenticeship or place on a college course.

Working alongside volunteers from the local business community (many of those being financial supporters of the Youth Zone), we provide detailed, relevant training programmes that are targeted to young people’s needs and that aren’t driven by results and statistics. The keys to our success in this area of work lies both with the quality and commitment of the staff and volunteers engaged in the project, but also because of the voluntary relationship that young people have with the Youth Zone; i.e. they are there because they want to be, not because they have to be.

Across the existing network, 84% of all the 16-19 year olds who took part in the project went on to find a job or further education placement. As well as this, many creative, entrepreneurial projects were born, helping to raise money for the Youth Zones – a great example is the recent ‘Cookie Mug’ project developed by young people at Wigan Youth Zone.

**MENTORING**

The success of Bolton Lads & Girls Club’s award-winning Mentoring project has led to it being replicated across a number of OnSide’s Youth Zones. The scheme began when young people accessing the facility began to show signs of needing more 1-2-1 support. Often, although not always, their problems stemmed from the lack of a consistent adult role model in their life. If we see these signs, young people are referred to work alongside a volunteer mentor.

Many young people on the project have their own social workers, or struggle with relationships with their parents or guardians. Mentors make a difference as they aren’t seen as being part of ‘the system’. They are volunteers who give up their own time to be there, and young people respond to this in a very positive, productive way.

Although it can take time to build up a relationship, young people on the project respond to the fact that their mentor is giving up his or her own time to support them. Over a period of around 12 months, they work together on an action plan, working towards agreed goals to help the young person get over
whatever challenges they may face, better equipping them to face the challenge of transition from young person to young adult with confidence and positivity.

Throughout the project, the Youth Zone coordinates and manages the entire process; recruiting and training the mentors, working with the young people on the project and with their families, and also keeping in touch with schools or any other bodies involved in the referral or safeguarding process.

RESIDENTIALS

Increasingly we have found that more and more young people lack the experience of having ventured outside of the town and city in which they live. Youth Zone residential will take groups of young people from Barking & Dagenham out of London into the great outdoors to take part in activities such as climbing, canoeing, bouldering, and of course, camping.

‘Rezzies’ (as members like to call them) are designed to take young people firmly out of their comfort zones. They help boost confidence, improve skills such as teamwork, leadership and communication, and crucially they provide a positive, life-changing experience that they will remember fondly, long after they move on from the Youth Zone.

HEALTH PROJECTS

Similar to employability, health projects delivered from within the Youth Zone are particularly successful because they are delivered on young people’s terms. Through regular attendance at the Youth Zone, young people build positive relationships with staff and volunteers and often raise their own issues that our staff can address.

Problems such as obesity, smoking & teenage pregnancy are common across the network, but thanks to the strength of relationships that young people have made with members of the Youth Zone team, young people have also disclosed problems such as eating disorders, sexual exploitation and self-harming.

It is important to note that in many cases, young people have lived with problems such as this for years, without feeling that they have someone to turn to either at home or at school. A Youth Zone environment is different. This is a home away from home for many young people and thanks to this supportive culture, Youth Zones have a proven track record in helping young people find the strength to share their problems, to work with our team to help improve their situation and get their lives back on track.
The positive impact that a Youth Zone has on the local community goes way beyond simply keeping young people off the streets. Across the OnSide network, each Youth Zone has resulted in tangible, measurable outcomes for the entire local population, not only its young people.

In Barking & Dagenham, the opportunities are endless. The Youth Zone’s operating model will allow not just sustainability, but growth over many years. The following are simple impact projections (based on evidence already gathered at other Youth Zones) that can be expected over the first 20 years of Barking & Dagenham Youth Zone:

- **1,500** young people attending the Youth Zone on average once a week; that’s over 2 million visits over 20 years;
- **11,232** hours of volunteering at the Youth Zone each year – the equivalent of over **£2.5MILLION** of paid hours over a 20 year period;
- Over **600** paid jobs, both full-time and part-time;
- Over **£10MILLION** of inward investment unlocked through the support of the local business community;
- A reduction in youth-related anti-social behaviour of as much as **77%**;
- A reduction in childhood obesity and other harmful behaviours;
- **HUNDREDS** of young people successfully moving from school into work or further education thanks to the support and encouragement from the Youth Zone.

Barking & Dagenham Youth Zone will inspire tens of thousands of young people. Its members will be healthier, happier, more successful citizens.

The Youth Zone will be the catalyst for millions of pounds of inward investment, transforming young lives, making a difference. It will support young people to fulfil their talents and ambitions, discovering sporting and creative superstars of the future. Young people will be supported by an army of passionate volunteers who give up their own time to help members get the most out of their Youth Zone experience.

Through the Youth Zone, Barking & Dagenham’s young people will have even more of a voice in the local community. They will help shape future provision and will become more active in their local community and local politics.

Over time, and thanks to the Youth Zone, young people will be fitter and healthier. Fewer young people will smoke. Fewer young people will experience problems with drug and alcohol misuse. The number of young people with eating disorders will fall, as will the number of young people who self-harm. Youths-related anti-social behaviour will also fall in Barking & Dagenham, freeing up more time for the local PCSOs to carry out proper, impactful police work.

Together, OnSide and Barking & Dagenham Council will change lives for the better. Every young person in Barking & Dagenham is special – and the Youth Zone will make sure that this is never forgotten.
THANK YOU

CLLR JIM McMAHON, LEADER OF OLDHAM BOROUGH COUNCIL:
“The thing that makes Mahdlo stand out for me isn’t actually that it’s a youth centre, rather it’s a centre for young people. It covers their emotional wellbeing, their social wellbeing; it gives them confidence, it raises their ambition, it gives them support and it brings together the wider community.”

CHARLES MINDENHALL, LONDON CHAMPION:
“The OnSide message of somewhere to go, something to do & someone to talk to resonates very strongly here in London. The reason for that is that London is a big place with not that many facilities available for young people; so creating these places for young people will have a tremendously positive effect on them.”

PSCO, ROBERT SMITH, HARPURHEY POLICE:
“Since the Youth Zone opened, it’s nothing like it was before. On a normal Friday night I’ll maybe now only encounter two or three groups of young people hanging on the streets, and it’s because they’re at the Youth Zone playing football, climbing the wall, playing pool or just hanging out with their friends rather than out on the street where they’re tempted to get into trouble because they’re bored.”

RICHARD CLAYTON, FORMER COUNCILLOR AT WIGAN COUNCIL:
“As a local councillor, initially I was dead against the Youth Zone in Wigan. I thought that it was a waste of money and that it would cause more trouble than good. I couldn’t have been more wrong. I’m now retired and am a regular volunteer on the sessions. Young people are brilliant, they can push your buttons at times, but we owe it to them to support them through facilities like the Youth Zone.”
WHAT PARENTS AND YOUNG PEOPLE HAVE SAID

“I never thought my kids would ever be able to go to a place like this”

Mum of four children after her first visit to The Factory Youth Zone. Her children all became members of the Youth Zone.

“All we used to do was go out onto the estate and get into trouble. Now I go to Mahdlo (Oldham Youth Zone) and it’s all changed. I’ve met new mates, I do lots and I don’t get in trouble any more.”

Alan, 14, member of Mahdlo

“I love going to the Club. I joined to be part of the disabled group and now I do climbing and dancing. I’ve even won prizes – I can’t believe it!”

Tracey, 16, member of Bolton Lads & Girls Club

The Factory Youth Zone (Manchester) is brilliant for Sean (age 11). He used to have to come with me every night when I went out to clean, and he hated it. Now I drop him at the Factory and he can play football non-stop. We don’t argue as much. I’m really grateful.”

Mum of Sean, member of the Factory Youth Zone
