<p>Festival 2015 A community led programme of events to celebrate the borough's 50th anniversary leaving a lasting legacy for community access to our parks.</p>	<p>The 50th anniversary programme is now well underway and the response from residents has been fantastic.</p> <p>There has been an excellent turnout for the key events so far presented: Roundhouse Music Festival in Central Park; Barking Folk Festival in Barking town centre; Night of Festivals on Abbey Green; and DagFest in Old Dagenham Village. But the highlight of the year so far was the visit by Her Majesty The Queen and HRH Prince Phillip to the Borough on 16 July.</p> <p>And there is still lots more to come: the One Borough Community Day in Parsloes Park; Cultural Mela in Barking Park, Steam and Cider Fair and the Youth Parade in Old Dagenham Park, as well as the Festival of Sport and the African and Caribbean cultural festival in Mayesbrook Park.</p> <p>Most of these events are being delivered in partnership with local organisations like DABD, Barking and Dagenham CVS, Gurdwara Singh Sabha Barking and Al Madina Mosque. Over £300,000 has been raised so far in grants and business sponsorship to support the delivery of 50th anniversary programme.</p>	<p>Culture and Sport Leader of the Council</p>
<p>Strengthening school partnerships Provide leadership to our family of schools in order to improve the educational offer within the borough.</p>	<p>The strength of the partnership between the Council and family of schools is confirmed and endorsed in the Ofsted inspection letter (February 2015). 53 Headteachers/Heads of School attended the annual conference at the end of June "Achieving good and outstanding schools through partnership and collaboration". Outcomes included a set of agreed priority actions. The headteacher/LA High Needs Working Party is overseeing action to manage and mitigate pressures within the High Needs block of the DSG. ISOS has submitted its review and the five priorities of the action plan are being taken forward in 2015/16. Provisional primary results indicate a further rise in attainment at Local Authority level.</p>	<p>Education Cabinet Member for Education and Schools</p>

hub for East London

Expand the existing offer to become east London's cultural hub, a vibrant and culturally rich community, with space for creative industries.

Dagenham College. Alongside the venue's important role as the only dedicated performing arts venue in the Borough, the College will be developing the Broadway as a centre for the development of new creative businesses in the Borough. A number of high quality and popular cultural events are being delivered in Barking Town Centre as part of the 50th anniversary programme.

Leader of the Council

Discussions are underway with the Greater London Authority (GLA) about how they can support the Council's aspirations to develop the creative economy in the Borough. An announcement on this is expected later in the year.

Work by the Regeneration division to establish a cinema for the town centre is progressing satisfactorily. The team has also secured a significant grant from the Heritage Lottery Fund, which will support extensive improvements to the public realm in the town centre.

The Regeneration division has also recently appointed Bow Arts to manage the new creative industry workspace in the Ice House Quarter in Barking.

Enforcement and charging

Encourage socially responsible behaviour from residents and penalise those who act irresponsibly. Ensure a consistent and fair approach to enforcement and charging policies.

Below is a summary of key enforcement actions targeting crimes investigated by Council officers for the period April until June 2015. Actions here include enforcement where we receive a contribution to costs from offenders or other income.

Environment

Fixed Penalty Notices - we have issued 419 fixed penalty notices for various environmental crimes which is a 50 % increase in enforcement activity compared to this period in 2014/15.

Dropped Kerb Project – we have completed a first review of all the borough's roads and are now starting a second sweep to identify non compliance. This quarter 837 visits to potentially offending premises resulting in 88 warning letters sent and 9 notices prohibiting unauthorised footway crossing.

Trade Waste - During this quarter 296 notices have been served to ensure formal waste control and disposal is adopted. Enforcement action here ensures trade waste disposal is properly charged to the producers.

Housing Licensing – in the first quarter 975 properties were inspected and approximately 9% were found to require action to bring them to compliance. In this quarter 1,650 full licences were granted and 678 new applications were received.

Priority 2 - Enabling social responsibility

Priority project and brief description	Progress at July 2015	Service area and Portfolio Holder
<p>Sufficient school places in schools that are good or outstanding All schools good with 20% outstanding by December 2015. Priority areas for action are set out in the Council's School Improvement Strategy 2016-17 including support for improvement in governance and leadership of teaching.</p>	<p>We are still below national at 75% good or outstanding, against national of 80%. However, the gap is closing. The Ofsted inspection confirms this judgment and asks that we raise the target of 20% of schools outstanding. We remain on target re: the provision of school places as set out in the March 2015 report to Cabinet with a further report for November 2015 Cabinet planned. IRO £45 million a year is needed to maintain our programme. We are on course to date but continued campaigning is required. The biggest financial risk to the DSG is in the revenue costs of specialist provision places to meet the needs of the growing numbers with complex Special Educational Needs and Disabilities (SEND). The most recent benchmarking shows London borough of Barking and Dagenham has created the highest number of places in the country (48% growth in pupil numbers since 2009/10). These places have been created well within financial limits, at extremely competitive costs and in a timely manner.</p>	<p>Education Cabinet Member for Education and Schools</p>

Enabling the community through the voluntary sector including volunteering

Enable the Band Together group to harness the service delivery potential of the voluntary sector, building the capacity and opportunity for VCS providers, supported by a Council funded Co-ordinator.

A new format for BandD Together is being agreed in the next month. The CVS has yet to recruit to the BandD Together post, however work is being progressed on an action plan and developing the concept of BandD Together. One of the first initiatives launched was the online diagnostic `knowledge platform pilot on 4 June by Community Resources. This initiative is designed to help professionals and support vulnerable residents to access the relevant services in a timely way.

An extensive volunteering programme is delivered across Adult and Community Services, which has seen volunteers provide 25,849 hours of support to services in 2014/15. This is equivalent to £232,000 if the London Living Wage had been paid. 282

Tackle other boroughs housing their residents in the borough

Implementation of London Inter Borough Accommodation Agreement preventing boroughs from paying rates higher than local LBBB agreed rates thereby limiting the number of external placements.

The London Inter Borough Accommodation Agreement (IBAA) oversees the use of temporary accommodation, discharge of duty into the private sector and preventative placements made by London boroughs into another London borough, including placements made and received by the LBBB. This agreement is overseen and monitored on a quarterly basis through the formal London sub-regional housing partnerships.

Housing

Our approach is to attempt to minimise the number of placements into B&D and to secure agreement and protocols through the IBAA to this end. One of the major areas of focus is upon social care placements, adult and children's. Our aim for 2015/16 is to secure a protocol covering these placements either via sub-regional arrangements or directly between boroughs (whichever is most appropriate). Discussion has been held at the East London Housing Partnership Chief Officer Group meetings in 2015. We are also approaching other London boroughs to include social care data (adults and children) into the reporting mechanism and to attempt to obtain details on the individual placements made.

Cabinet Member for Housing

Currently the overall London position with the IBAA has however run into some difficulty. A number of London boroughs are undertaking and/or proposing to undertake actions which could be construed as running counter to and therefore a breach of the IBAA. The LBBB has no powers to prevent placements by other authorities in B&D. We therefore rely upon London boroughs conforming with the word and spirit of the IBAA agreement. We are currently liaising at officer and Member level with other London boroughs to minimise the impact upon both the LBBB and East London and to maintain the IBAA as agreed.
