## Appendix A: Indicators for HWBB - 2018/19 Q3 and Q4 Key

|       | Data unavailable due to reporting frequency or the performance indicator being new for the period         |
|-------|---|
|       | Data unavailable as not yet due to be released  |
|       | Data missing and requires updating  |
|       | Provisional figure  |
| DoT   | The direction of travel, which has been colour coded to show whether performance has improved or worsened |
| NC    | No colour applicable  |
| PHOF  | Public Health Outcomes Framework  |
| ASCOF | Adult Social Care Outcomes Framework  |

HWBB OF Health and Wellbeing Board Outcomes Framework BCF Better Care Fund

SRG

SRG
Systems Resilience Group

Note: where 2018/19 and quarter 4 data are available and differ, DoT arrow and RAG rating are for quarter 4 data. DoT for quarter 1 data relates to direction of travel from quarter 4 data.

Note: benchmarking data uses the same time period as the most recent data point for Barking and Dagenham except where otherwise indicated

| Note: benchmarking data uses the same time period  | as the most       | recent data       | point for bar     | king and Da      | gennam exc       | cept where t    | unerwise inc    | licaled           |                |                 |                 |                |                 |                   |                   |                 | BENCHM           | ARKING        |                |                |
