To whom it may concern,

I am writing to you regarding the new off licence shop that is opening on 9-10, The Triangle, Tanner Street, Barking, IG11 8QA.

We are concern with the opening hours of the off-licence shop, which I believe is 7am - 3am. We are requesting that is reduced to 9am - 11pm, as these are better suited hours and will not be an opportunity for people to hang around at very late unsociable hours.

Thank you,
Madeeha

Dear Licencing Team,

I am writing to you to oppose the referenced licence application, in my capacity as Abbey Ward Councillor. I am opposing the application having been contacted by several residents outlining their concerns. I have attached the emails sent to me by these residents. I share many of the concerns raised, which include the potential for increased levels of anti-social behaviour, the disturbance to residents (including children) as a result of the shop being used into the night even after closing, and perhaps most importantly the legitimate fear of violence against those attending Al Madinah Mosque and the nearby Islamic Community Centre. There are well-documented instances of anti-social behaviour, illicit sexual activities, and drunken behaviour in Ilford Lane, as documented by our neighbours in the London Borough of Redbridge. My residents, in expressing their concern around this application, have been clear that they expect this behaviour to spill over into Tanner Street, as it has done previously even without this location selling alcohol.

Regards

Councillor Darren Rodwell

Dear councillors

As you might be aware that an application has been submitted with licensing dept for an off licence shop in 9-10 the triangle tanner st Barking. I live in [REDACTED] and everyone i have spoken with are very upset and don't want off license shop around here. The triangle tanner st has a history of antisocial behavior linked to prostitution and drugs. If this was to go ahead we will have same issues again like antisocial behavior, wrongful parking prostitution starting again.

Please support-us by declining this application.

Many thanks

Kind regards

Mr Mazhar Iqbal

Subject: Off license for grocery/liquor at Tanner Street

Hi

I am concerned for granting permission for off license in my neighbourhood especially for late night opening. Timing is alarming due to prostitution and drug selling at this location which is next to the mosque.

This will create extra problems for local residents and I am requesting to cut down the timing till 10:00 pm if you can not refuse the application.

Regards

Good evening,

I am writing let you know that we are worried that this development is going to have a grocery shop that will be open till 3am. I would seriously object to the timing of this shop.

Please forward my concerns to the relevant department.

Thank you

Kind regards

Fozol Miah

Subject: Objection regarding new off license

Dear Sirs

i wish to object the application from Sahin Tasyurdu for a premises licence for the sale of alcohol at 9-10 the Triangle, Tanner street Barking Essex 1G11 8QA.

There is no need for a licensed premises at this venue as there are sufficient licensed premises in the surrounding areas.

A Licensed premises will attract crime including prostitution, theft, drunkenness, assault , and anti social behaviors. these are issues which are already prevalent in Ilford Lane and barking park and licensed premises will simply increase the incidence of crime in the area and lead to a lowering of resident confidence whilst raising safety fears.

Tanner street is a residential area surrounded by residential homes and should remain as such. There are residential properties and gardens in the immediate vicinity, this could increase to more litter been thrown on the street outside Or left on the walls of residents houses.

there are so many incident like car exhaust stolen, stabbing, mobile snatching etc etc reported already in the area.

Kind Regards

Kamran

Subject: Off license- application for Embas local 9-10 The triangle Tanner st Barking

Dear councillors Darren and Laila

I pray to Allah that you and your families are safe and well.

Newly built private apartments in Triangle Tanner st with ground floor hall is being used as a commercial unit. Application has been lodged with licensing dept for the ground floor space to be used as an off license outlet with absurd timing. I am sure you both are aware of the facts that the triangle tanner st area had some serious problems with antisocial behavior due to prostitution and drugs. Our Rt Hon Mp Margaret Hodge councilors and community leaders with residents had held corner meetings to resolve these issues Both the council and police had use resources available to overcome these problems. There is no way community could let it happen again. Can you imagine what kind of crowd would be attracted to this place with cars sometimes parked up on foot paths, on the road even blocking driveway. This will lead to chaos arguments, drunk people fighting, prostitutes walking up and down the footpaths waiting to be picked up.

Our safety and well-being will be compromised if this application becomes successful.

I hope all three of you being our representatives in the Council with support the tanner st community by opposing this application.

Many thanks

Manzoor Hussain

Subject: License application Embas Local, 9-10 The Triangle, Tanner Street, Barking IG11 8QA

Darren

I hope you are well and working hard but staying safe in these difficult times

I write on behalf of the trustees of the mosque and on behalf of the Muslim communities to voice our concern about an application relating to licensed premises at 9-10 The Triangle, Tanner Street.

We oppose this application in the strongest terms. There is no need for a licensed premises at this particular venue. There are sufficient licensed venues in the surrounding areas and there most certainly is no need for a license to be operable until 3am

You are aware this area has historically suffered from prostitution and the crime which that trade attracts and together we have over many years expended enormous resources and energy in tackling that issue.

You are also aware of the antisocial issues which emanate from the local park and the community confidence which is eroded when people are scared to walk a particular path because it is plagued by drunks and drug users

We have historically had mosque attendees abused and even assaulted on their way to pray and our female congregation has in the past stopped attending the mosque for fear of being abused and accosted. We have together worked hard to tackle these issues and a licensed premises and all the antisocial issues that will attract will simply see the return of such matters , a rise in crime and a reduction in the communities quality of life and confidence to go about its daily life. For evidence of the detrimental effects of such venues one only has to travel to Ilford lane a few hundred yards away and to Longbridge Road where you will see evidence of drunken individuals stood outside an off license throughout the day, littering the path and accosting individuals walking by.

Tanner Street is a residential area, surrounded by residential homes and we should work hard to preserve such areas which are increasingly becoming few and far between

Respectfully submitted

Ash Siddique
