Summary The appended presentation is intended to provide a high-level outline of the Integrated Care System (ICS) that is set to be established from July 2022, provide an overview of the current context, provide an update on the current proposal and on any next steps.	
Recommendation(s) The Health Scrutiny Committee is recommended to: <ol style="list-style-type: none">1. Consider the content of the report; and2. Note the proposal to establish the B&D Delivery Board as the Place Based Partnership Board; an ICB place committee running alongside the Health & Wellbeing Board. This would be provided with delegated authority to make decisions about NHS service planning and delivery (a final agreement is still to be made with all relevant partners and a final full paper will be brought back to the Health Scrutiny Committee (HSC) in September).	
Reason(s) A mutual agreement between partners needs to be established providing the final proposal for the governance structure of a place-based partnership for 2022/23 onwards as part of the overall NEL ICS.	

Public Background Papers Used in the Preparation of the Report: None
