BHR strategic headline plan on a page

The BHR health economy is comprised of partners from Barking and Dagenham CCG, London borough of Barking and Dagenham, Havering CCG, London borough of Havering, Redbridge CCG, London borough of Redbridge, Barking, Havering and Redbridge University Hospitals Trust and North East London Foundation Trust; who have come together to agree, refine and implement the following vision:

Improving health outcomes for local people through best value health care in partnership with the community.

2 System Objective One To reduce the number of years of life lost by x%

System Objective Two
To improve health related
quality of life for those with 1+
LTCs by x%

System Objective Three To reduce avoidable time in hospital through integrated care by x%

System Objective Four To increase the % of older people living independently following discharge by x%

System Objective Five
To reduce the % of people
reporting a poor experience
of inpatient care by x%

System Objective Six
To reduce the % of people
reporting a poor experience
of primary care by x%

System Objective Seven To reduce hospital avoidable deaths by x% Delivered through the integrated care strategy
Seamless and integrated health and social care for local people. Continued implementation of local strategy putting the person at the centre of care provided by integrated teams

Delivered through the acute re-configuration programme
Reconfiguring local A&E and maternity departments in order
to improve the quality of urgent and emergency care and
maternity services for local people; and the development of
KGH as a centre of excellence for children's and women's
services.

Delivered through specialised commissioned services Specialised services commissioned that consistently deliver best outcomes and experience for patients, within available resources

Delivered through primary care improvement plan
Primary care services that consistently provide excellent
health outcomes to meet the individual needs of Londoners

Delivered through prevention and health promotion

- Empowering and saving the lives of Londoners from vaccine preventable diseases
- High quality, accessible screening programmes for all
- Working together to achieve excellence in Health in Justice outcomes for Londoners

Overseen through the following governance arrangements

- Health and Wellbeing Boards (HWBB) oversee the process for strategic planning in each borough
- Integrated Care Coalition (ICC): an advisory group to HWBBs - bringing senior leaders together to build a sustainable health and social care system
- The coalition has two subgroups:
 - Integrated care steering group: development and delivery of strategic plan
 - Urgent care board: improvement plan for urgent care
- · All work streams have identified leads
- Measured using the following success criteria
- All NHS organisations within the health economy report a financial surplus in 18/19 (under review)
- · Local Authorities manage funding pressures
- Delivery of the system objectives

3

- No provider under enhanced regulatory scrutiny due to performance concerns
- High level risks to be mitigated
- BHRUT quality and performance issues
- Achieving financial balance / sustainable services
- Maximising impact with scarce resource

4b)

Delivered through the Better Care Fund (BCF)
